Dear Interested Party:

An Environmental Assessment (EA) has been prepared and is available on request for the Mill Lake Dam Access Project 2007. The Forest Service proposes to authorize Mill Creek Irrigation District (MCID) access to their easement at Mill Lake Dam, with certain terms and conditions, so that MCID may make these facilities safe, consistent with their responsibilities under federal dam safety laws and regulations and consistent with their rights and responsibilities under terms of their easements. The Forest Service would authorize sufficient helicopter access to allow for the work to be done safely and effectively beginning in the early summer 2007 field season. Depending on their final plans, the work is expected to take place through two to three field seasons, which is likely to extend through the 2009 field season.

The project is located in the Selway-Bitterroot Wilderness in Township 6 North, Range 23 West, Section 1, Principle Meridian Montana, Ravalli County.

The enclosed document explains details regarding the comment process.

If you would like more information, or a copy of the EA, please call Elizabeth Ballard, Team Leader, at the Stevensville Ranger District (406) 777-5461.

Thank you again for your interest in this project.

Sincerely,

DAVID T. BULL  
Forest Supervisor
